

# NRI Cardiologist returns home to work for humanity

Ahmedabad,

Dr Atul Chokshi, the founder and Chairman of the city-based Krishna Heart Institute, today announced his decision to return to Ahmedabad to work for humanity after a successful stint of more than 35 years in New York, United States of America.

Addressing a press conference here, he said that his mission was to dedicate all his life to cure such heart patients who cannot afford to pay hefty bills of super specialty hospitals. Dr Chokshi headed to the United Kingdom soon after completing his medical studies in Ahmedabad. He continually progressed in his career and went to New York to become one of the most sought after practitioners of Cardiology in New York city.

He said that he was inspired by spiritual leader late Pandurang Aathawle. "It is rightly said that if the intentions are good, god certainly helps you in your mission."
